

**LANDSCAPE
ARCHITECTURE
SPRING
INTERNSHIP**

01/2021-06/2021 | NYC

swa/Balsley

SWA/Balsley is a New York City-based design firm that specializes in urban landscape architecture in both the public and private realms. The firm's diverse portfolio in New York and around the world includes award-winning landscapes of all types and scales, including parks, plazas, streetscapes and waterfronts.

We are offering TWO full-time paid internships from January to end of June 2021 to students with outstanding design sensibilities and exemplary graphic, written, and verbal communication abilities. Candidates should demonstrate expertise in digital graphics and/or experience in technical documentation.

Our studio environment offers interns an opportunity to interact directly with Tom Balsley, the 2015 recipient of the prestigious ASLA Design Medal, and a team of experienced designers at SWA/Balsley and SWA Group. Interested applicants should submit a cover letter, resume, and portfolio of their work in PDF format (10mb max) to zgu@swabalsley.com by November 20, 2020.
