Landscape Architect/Designer, Entry Level to 3 Years' Experience

Urban, Ltd. (www.urban-ltd.com) seeks a talented landscape architect/designer with up to three years' experience to work in their Annandale, VA office. Urban is a well-established, industry leading land development firm with marquee projects in the Washington DC Metro region. Qualified candidates will be eligible for a signing bonus and competitive salary that includes an annual bonus, company benefits, and strong 401K matching. Urban provides a great team working environment, with great career advancement opportunities.

Qualified candidates should:

- possess an accredited degree in Landscape Architecture
- have creative design and strong graphic production skills
- demonstrate experience with preparation of hardscape and landscape plans for rezoning, site plan and construction documents
- have technical knowledge of landscape architectural construction including codes and development regulations
- have a good working knowledge of landscape and native plants in the Mid-Atlantic region
- be proficient with AutoCad, Photoshop, Indesign, Sketchup and MS Office
- have excellent interpersonal and communication skills
- be a team player able to contribute and work in a collaborative environment
- be eligible to work in the United States

These additional skills and qualifications are desired, but not required:

- experience in Northern Virginia area jurisdictions
- ISA Arborist Certification or training

To apply, please submit a digital resume and portfolio (maximum file size 8 MB please) via e-mail to employment@urban-ltd.com listing "Landscape Architect/Designer" in the subject line. Applicants submitting resumes without portfolios will not be considered. No telephone calls please; only those applicants selected for interviews will be contacted.
