Marciana
Please send this out to all students as well as the alumni listserv.
Thanks,

David

ParkerRodriguez is an award-winning, boutique sized landscape architecture design firm with an incredibly diverse and encompassing portfolio. Our projects include high-rise multi-family, mixed-use development, urban design and infill, institutional, streetscape, and large-scale community master plans. Our work features innovative hardscape and landscape design solutions that integrate program, technical challenges, and project complexities seamlessly into the landscape design include green infrastructure techniques knitted within the design. Our team is a highly motivated collective of design professionals that are dedicated to all aspects of our work.

Candidates should possess strong design skills and enjoy working as an integral part of a design team. Applicants should have substantial experience with AutoCAD, Microsoft programs, and graphic programs including Photoshop, Illustrator, InDesign, SketchUp, and Lumion. We use CAD as an integral part of the design process from initial 3D concept modeling in conjunction with SketchUp and Revit to the preparation of construction documents. Experience required: 1 - 6 years

A Bachelors or Master's degree in Landscape Architecture from an accredited university is preferred.

Salaries are commensurate with experience. Benefits include 401K, profit sharing, bonuses, health and dental insurance, and a contemporary, open studio environment overlooking the Potomac River in Historic Old Town Alexandria, Virginia.

Please submit your resume and portfolio (8 MB limit) to parod@parkerrodriguez.com No phone calls please.
