

This minor will provide students with an appreciation and understanding of sustainable agricultural crop production. The core courses provide students with a basic foundation in plant science while supporting courses allow students to broaden their focus in different areas of agriculture. Students can select their courses in either agronomy or environmental horticulture.

Course Requirements

	Credits
1. Core Courses	
Introductory Crop Science (PLSC112 & 113) OR Introduction to Horticulture (PLSC110 & 111)	4
Fundamentals of Soil Science (ENST200)	4
Plant Structure and Function (PLSC201)	3
Plant Structure and Function Laboratory (PLSC206)	1
Internship (PLSC389) or Application of Knowledge in Plant Sciences (PLSC460)	3
2. Supporting Courses (Courses equaling a minimum of 7 credits)	
Advanced Crop Science (AGST400)	3
Principles of Plant Pathology (PLSC420)	4
Technology of Fruit and Vegetable Production (PLSC433)	4
Environmental Horticulture (PLSC452)	3
Weed Science (PLSC453)	3
Insects of Ornamentals and Turf (BSCI497) or Biology of Insects (BSCI337)	4
Total Credits: A minimum of 15 Core Credits + 7 Supporting Credits = 22 credits must be completed for this minor.	

General Requirements

- All courses presented for the minor must be passed with a grade of "C-" or better.
- All courses presented for the minor must be taken at the University of Maryland, College Park.
- Students may use a maximum of six credits or two courses to satisfy the requirements of both a major and a minor.
- Students matriculating to this minor will need MATH113 or higher and CHEM131/132 as prerequisites

The PSLA Department has mandatory faculty advising for each of its major and minor programs. Students are required to meet with their faculty advisor at least twice a year. To ensure appropriate academic advising, students who wish to pursue a minor should inform both the college responsible for their major and the unit offering the minor as early as possible, but in no case later than one full academic year before the expected date of graduation. When a student has completed all requirements for the minor, the unit offering the minor shall notify the student's college, which verifies that the student has met all requirements and officially notifies the Registrar's Office. The completion of a minor is posted on the student's official transcript only when the student completes all requirements for the bachelor's degree.
